Telangana State Model School, Dariyapur

📅 2019 – 2020

PROJECTS

Banking System

[Github](#)

Tech stack : HTML | CSS | JAVA | MySQL

- The Banking System provided me an valuable learning experience.
- Key features of this project are **Deposit, Withdrawl, CheckBalance, SendAmount**.

Email Software

[Github](#)

Tech stack : HTML | JAVA | MySQL

- This Email Software project gave me a real time experience of how an email software actually works.
- It includes **Inbox, SentBox, ComposeMail, Login ,Logout** etc...features,they are immersed in my **journey, skills, and projects**.

My Portfolio

[Github](#)

Tech stack : HTML | CSS | JAVASCRIPT

- This portfolio project is a digital mirror which is reflecting my skills and creativity.
- The profile section introduces me as a protagonist, and as visitors scroll through the sections, they are immersed in my **journey, skills, and projects**.
- The portfolio truly shines in the Projects section, where visitors can have a quick glance of my **hosted project with Live Demo**.

Myntra Clone Page

[Github](#)

Tech stack: HTML | CSS | JAVASCRIPT

- It is a **Team Project**.
- Collaborating with team members taught me how to work in team by **considering different viewpoints, adjusting to changes**.
